Strong greyhound-like head, proudly carried. Scissors bite ideal. Level acceptable.

Dark eyes, soft gentle 'Irish' expression. Small rose ears set on high.

Body long, loins slightly arched. Belly well drawn up.

Topline - nice set of gentle curves from the crest of the neck to the bend of the tail.

Sufficient length of legs as required in a sighthound.

Front & rear balanced. Strong rear, broad and muscular thighs, stifles nicely bent.

Rough, harsh coat.

Movement easy and active with long stride.

Avoid:

Lightly built hound;

Low on legs - too much length of loin;

Atypical movement.
